

FIRE PREVENTION WEEK

October 7th through the 13th

This safety campaign is the longest-running public health observance in our country. Activities throughout the month include conducting fire prevention and education visits to our local schools, as well as hosting visits to the fire department. Firefighters will provide lifesaving public education in an effort to drastically decrease casualties caused by fires. Both the school and firehouse visits allow us to have a unique one-on-one interaction with the children where we can better cover fire safety and explain the importance of this year's theme:

“Look. Listen. Learn. Be aware - Fire can happen anywhere.”

Fire Department Open House

Saturday, October 13th 8 Lincoln Place

10:00am till 2:00pm.

The public is invited to come visit the station and meet the firefighters. Please join us!

October also kicks off our annual smoke detector battery replacement program. This service is offered at no cost to residents. During October and November, we will schedule visits to homes to assist in replacing the smoke detector batteries and, if necessary, install or replace the smoke detectors.

To schedule a visit, call: 908-769-2935.

*******LOOK. LISTEN. LEARN. BE AWARE – FIRE CAN HAPPEN ANYWHERE*******
