

Video Game Creation

Kids enjoy creating with technology and hanging out with friends. Parents want opportunities for their children to learn and develop valuable skills. Now you can have the best of both worlds. Always striving to offer innovative and engaging programming, the North Plainfield Recreation Director has invited CTWorkshop to offer its popular Video Game Maker Workshop Club for our kids.

Spring 2009 Workshop Club Schedule & Description

All programs will be hosted in the **Vermeule Senior Center at 614 Green Brook Rd., North Plainfield.**

Location	Grades	Workshop Club	Hours	Dates	Times	Fee
Vermeule Senior Center	3-8	Video Game Making	8	Thursdays, 5/7-5/28	5:00-7:00 PM	\$175

Video Game Creation Workshop Club

Turn passive game players into creative game designers! Kids get an introduction to the fundamental concepts of object oriented software design and video game creation through fun hands-on tutorials. No previous game making experience is required to participate in and benefit from these programs, but returning game makers will be advanced to the next level of curriculum. The complexity of skills taught increases with grade level and experience to ensure that the programs are both challenging and engaging at all levels. Every child will create one or more games that he or she can share with friends and family by the end of the program. Our non-violence policy challenges kids to be creative without the violence that is pervasive in today's video games.

Registration & Inquiries

To register your child for this program, please fill out the form below and return with payment to North Plainfield Recreation **no later than May 4, 2009**. For questions concerning CTWorkshop programs, please call 908-264-9147 or visit www.ctworkshopnj.com.
